Certificate of Quality

Introduction

The Charm® VERIclean Test is a color-based surface/hand hygiene indicator test. The VERIclean Test is a simple, one step test that yields results that are easy to visually interpret. The test has broad spectrum sensitivity to multiple hand.

Kit Contents

Product Name: Wetting Liquid for VERIclean

Lot Number: WL-091919B

Storage

Expiration Date: September 2022

Store VERIclean Tests and Wetting Liquid refrigerated (defined as 0 to 7°C or 0 to 45°F for US certified labs). See Storage for details.

Order Code: WL

Disclaimer

A negative result does not guarantee the absence of microorganisms. This product was quality tested and met Charm Sciences' quality control criteria for release for sale including performance and appearance specifications.

A proprietary mixture of enzymes, incorporated into the absorbent and indicator regions of the test strip, reacts with a range of enzymes commonly found in organic residues, generating a purple color.

VERIclean Tests

- Store unused VERIclean tests refrigerated in the closed container provided.
- Avoid exposure to light.
- Keep moisture out of the storage container. Do not return used tests to container with unused tests.
- Tests stored refrigerated in the original container and kept dry can be used for up to 6 months after purchase.

Wetting Liquid

- Store wetting liquid refrigerated.
- Avoid touching the absorbent region of the test. Oil or sweat from hands could lead to invalid results.
- A negative result does not guarantee the absence of microorganisms on hands or surfaces.
